

13A Power Module

Description

A range of 13A socket modules for use in data plates and to compliment the USB charging module.

Features

- Power modules suitable for installing in Data plates
- Available in black and white
- Ideal for mounting in a Data plate with a USB charging module
- Combination head terminal screws making installation quicker
- 10-year guarantee

Range

13A socket module – White	S1446
13A socket module – Black	S1446BK

Technical Specification

Input voltage rating	250Vac
Output rating	13A
Terminal capacity	3 x 2.5mm ²
Module size	50 x 50 x 35
Frontplate material	Urea formaldehyde

Urea flammability classification UL94 grade V-0

No user serviceable parts

These power modules must not be installed in the same data plate as ELV modules (e.g. telecom, AV, data modules)

Module must be installed in accordance with the current edition of the Wiring Regulations

Standards

- IEC 60884-1:2002 tested to clauses 9.3, 21, 25.2, 25.3 and 28.1

Back Boxes

Minimum recommended depth	
Data Plate	min. box depth
Slimline	35mm
Vimark	35mm
Decorative	35mm
Flatplate	45mm
Screwless	45mm
Screwless PC	45mm
Metalclad	standard Metalclad box
